

Come see the local conservation project that your contributions help support!

PSB is excited to announce its ongoing support for the local [Waikoloa Dry Forest Initiative](#). For those wishing to contribute, donations can be sent via Venmo to @pacssymbio.

Join us for a field trip to the Waikoloa Dry Forest Initiative on **Tuesday, January 6. We'll depart promptly from the **Fairmont lobby at 3:30 PM** and return around 5 PM in time for the PSB dinner.**

If you are interested, we will have a signup sheet at the PSB bulletin board outside of Salon 1&2. We will need drivers for this event, so we will collect driver/rider information on the signup sheet. **Make sure to sign the online waiver before the walk; see link below.**

Larry Hunter will lead the carpools to the Waikoloa Dry Forest Initiative, where you will participate in a brief introduction and protocol before walking through the restoration areas and visiting the native plant nursery.

- Come prepared with sturdy shoes and any water or sun protection you may need. If you like to use a walking stick, please bring that too!
- **Complete the waiver before January 6:**
